OBSERVANCES OF DECORATION DAY.

All of the more important arrangements for the observance of Decoration Day in this city are now completed. The Memorial Committee will take possession of 4he Cottage in Union Square to-morrow. From present appearances the services at the Academy of Music will be as successful as those of last year. Miss Emma Abbott bus accepted an invitation to sing, and with her will be Miss Georgia Cayvan, Carl Formes, John McCullongh and others. Colonel N. W. Day, treasurer of the committee, states that the sale of tickets is already very large. To-morrow they will be for sale at the Cottage, at the headquarters, No. 907 Broadway, and at Major Brueninghauseu's office, No. 6 Bond-st. Gifts of flowers will be received at the Cottage on Monday and Tuesday, May 28 and 29, and messengers will be sent for them upon notice left there, or at the committee rooms. The programme for the parade and the organization of the different divisions is fully arranged, but will not be made public till the end of the week, so as to admit of any changes that may become necessary. There will be fifteen divisions, including the one made up of the State and regular troops, and one that will be made up entirely of the floral wagons. The latter will be attended by a mounted guard of honor of comrades detailed from the different posts. It is thought that there will be over 10.000 men in line.

Tickets to the reviewing stand to the number of over 500 have been issued, and the demand for them is so great that the Grand Marshal has under consideration the erection of a second stand in Madison Square, which will be reserved almost exclusively for ladies.

The observance of the day at Tottenville, Staten Island, has always been a patriotic one, and the peop OBSERVANCES OF DECORATION DAY.

The Board of Control of the new American Art Union, which was incorporated a few days ago, yesterday leased the fourth floor of the Wheeler & Wilson building, No. 44 East Fourteenth-st., for an Art Union headquarters, permanent exhibition gallery and salesroom for pictures by members of the Union. The floor is 46 by 80 feet, and the room is excellently lighted by large plate-glass windows in the front and rear. Many applications for membership are received daily. REPLAING TO THE GOVERNOR'S CHARGES.

An open letter signed by Commissioners of Emigration Huribut, Starr, Stephenson, Ulrich and Taintor has been sent to Governor Ciev-land in reply to his charges against the present management of the institutions. The charges were claimed to be based upon the report of the Finance Committee of the Senate. The Governor characterized the present management of the Emigration Board as a "scandal and a reproach to civilization," and said that the money of the State was squandered and the most barefaced jobbery permitted. The Commissioners called attention to the fact that under the present administration, since 1880, the ave. age cost per capita of caring for the immigrants has been 44, 38 and 44 cents respectively per year, while the average cost in twenty-four of the previous years was \$1.86 per capita.

The older ones then receive some simple instruction. At 7 o'clock, after a good tea, they are called for by their mothers, who are charged 5 cents for the care of each child. Contributions of any kind may be sent to the matron, Mrs. Sadler. CHILDREN WELL CARED FOR.
